

Uniface 40th Anniversary - Amsterdam

October 15-16 | Amsterdam Marriott Hotel

DRAFT AGENDA

DAY 1: Tuesday, October 15

8:00 AM	9:30 AM	Registration and Information Desk Open / Coffee & Continental Breakfast
9:30 AM	10:00 AM	Welcome/Kickoff <i>Welcome to celebrating 40 years of Uniface by Rocket Uniface management.</i>
10:00 AM	10:10 AM	Live App Modernisation: Part 1 An interactive session where Uniface UI experts will pick up the challenge to turn a legacy application in modern web-app in less than 8 hours.
10:10 AM	10:30 AM	40 Years of Uniface: Milestone History Celebrating 40 years of rapid application development, from GOLD-Key to HOME-Key.
10:30 AM	11:30 AM	AI Keynote Speaker: AI and Legacy Software <i>Presented by Floris Hoogenboom, AI thought leader, Transformers Group</i> In this session, Floris will take you on a journey into the magical world of AI. As the former Head of AI at Schiphol, he knows how to apply AI in a complex environment with legacy systems. His vision is "Augment instead of Automate" - empowering people with AI Superpowers instead of replacing them. AI also has a significant impact on software development itself, helping developers work more efficiently. But how does this work concretely with traditional software like Uniface, which has less training data in the latest LLMs? Floris shares practical tips through real-world examples with clients.
11:30 AM	11:45 AM	BREAK
11:45 AM	12:30 PM	Uniface Roadmap Hear the latest update on what's on the horizon for Uniface in the coming years.
12:30 PM	1:30 PM	LUNCH
1:30 PM	1:40 PM	Live App Modernisation: Part 2 How are the UI experts doing on the challenge to create a modern looking web application?
1:40 PM	2:10 PM	UX Update <i>The Uniface UX development team will show how Uniface UX streamlines and enhances your development process by offering a versatile palette of rich UX widgets for a smooth, and intuitive user experience.</i>
2:10 PM	2:40 PM	Customer Story <i>Sharing real life experiences on building and deploying Uniface applications.</i>
2:40 PM	3:00 PM	BREAK
3:00 PM	3:30 PM	Customer Story <i>Sharing real life experiences on building and deploying Uniface applications.</i>

3:30 PM	3:45 PM	Live App Modernisation: Final results The Uniface UX experts will demonstrate the result of their app modernisation challenge.
3:45 PM	4:30 PM	Q&A: Ask Us Anything An interactive audience Q&A session with the Rocket Uniface team.
4:30 PM	5:00 PM	Currently Open/Overflow Time
5:00 PM	6:30 PM	FREE TIME
6:30 PM	8:30 PM	DINNER: Mingle with your peers and enjoy a variety of food stations and cocktails.

DAY 2: Wed., October 16

9:00 AM	TBD	Executive Breakout
9:00 AM	10:30 AM	SESSION 1: TRAINING WORKSHOPS (Descriptions below)
9:00 AM	10:30 AM	UX Workshop: Transform your applications with cutting edge capabilities. In this workshop you will experience two groundbreaking features, Uniface UX & the UX Interface, designed to revolutionize your web application development. These innovations empower you to rapidly create visually stunning browser-based applications that meet the high expectations of today's end users. <ul style="list-style-type: none">• Uniface UX: Out-of-the-Box Innovation Discover how Uniface UX simplifies and elevates your development with a palette of rich UX widgets. These aren't just any widgets, their design covers everything from modern aesthetics to advanced functionality, making development more efficient and maintainable.• UX Interface: Unleash Your Creativity Explore the UX Interface, that gives you the freedom to extend or create UX widgets. This offers unmatched control over your application's look and feel. Whether you want to tweak existing widgets or build entirely new ones, you can quickly bring your vision to life.
9:00 AM	10:30 AM	Security Workshop: <i>More details coming soon</i>
9:00 AM	10:30 AM	Containerization Workshop: Enhance the scalability & portability of your applications In today's fast-paced industry, the demand for robust, scalable IT solutions is higher than ever. To stay competitive, you need to: <ul style="list-style-type: none">• Release and update reliable solutions quickly.• Ensure deployment portability across various platforms and cloud providers.• Make the most efficient use of your computing resources. In this interactive workshop, you'll learn how to deploy your Uniface solutions using the Uniface Server Docker image. Whether you're working with Uniface Application Servers, Web Application Servers, or Data Servers, this workshop has you covered. This hands-on experience will empower you to apply these enhancements to your own Uniface solutions. Conducted in our virtual lab, all you need to participate is laptop with a web browser.
9:00 AM	10:30 AM	One-on-One Meetings: <i>More details coming soon</i>
10:30 AM	10:45 AM	BREAK

10:45 AM	12:15 PM	SESSION 2: TRAINING WORKSHOPS (Descriptions below)
